

Process to Florida League of Cities Leadership (Second Vice President)

The Florida League of Cities (FLC) By-Laws provide that the League's officers and Board of Directors shall be elected by majority vote at the annual meeting, typically in August, by the League's members.

Board Makeup

The director positions consist of three officers, district seats (submitted by local or regional leagues), all past presidents currently in office, the 10 most populous cities and any elected official in office for 50 years or more.

Second Vice President Candidate Overview

A Nominating Committee is appointed each year six months prior to the annual meeting. The Nominating Committee typically meets to interview potential candidates for Second Vice President in June.

The officers are designed so that the Second Vice President will move up to First Vice President and the First Vice President moves into the President position, pending a vote of the membership. So, the Second Vice President is the position that is new to the process and, therefore, is a focus of the interviews.

The Nominating Committee will meet again at the annual meeting and make a recommendation for officers and directors to the full membership for a vote at the annual business meeting held in conjunction with the annual meeting.
