The disaster declaration now covers Charlotte, Collier, DeSoto, Hardee, Hillsborough, Lee, Manatee, **Orange, Osceola**, Pinellas, **Polk**, Sarasota and **Seminole** counties in **Florida**, which are eligible for both Physical and Economic Injury Disaster Loans from the SBA. "A core tenet of SBA's mission is to render federal disaster assistance as quickly as possible to small business owners and provide critical disaster relief to the communities they serve during these types of devastating disasters," said Francisco Sanchez, Jr., Associate Administrator, Office of Disaster Assistance. "Our team is already on the ground actively coordinating with FEMA and other emergency response officials to provide all of the assistance we can render."

Businesses and private nonprofit organizations of any size may borrow up to \$2 million to repair or replace disaster-damaged or destroyed real estate, machinery and equipment, inventory, and other business assets.

For small businesses, small agricultural cooperatives, small businesses engaged in aquaculture and most private nonprofit organizations, the SBA offers [Economic Injury Disaster Loans \(EIDLs\)](#) to help meet working capital needs caused by the disaster. Economic Injury Disaster Loan assistance is available regardless of whether the business suffered any physical property damage.

Disaster loans up to \$200,000 are available to homeowners to repair or replace disaster-damaged or destroyed real estate. Homeowners and renters are eligible for up to \$40,000 to repair or replace disaster-damaged or destroyed personal property.

Building back smarter and stronger can be an effective recovery tool for future disasters. Applicants may be eligible for a loan amount increase of up to 20 percent of their physical damages, as verified by the SBA, for mitigation purposes. Eligible mitigation improvements may include a safe room or storm shelter, sump pump, elevation, retaining walls, and landscaping to help protect property and occupants from future damage caused by a similar disaster.

Interest rates are as low as **3.04** for businesses, **1.875** percent for nonprofit organizations, and **2.188** percent for homeowners and renters, with terms up to 30 years. Loan amounts and terms are set by the SBA and are based on each applicant's financial condition.

Applicants may apply online using the Electronic Loan Application (ELA) via SBA's secure website at <https://disasterloanassistance.sba.gov/ela/s/> and should apply under SBA declaration # **17644**.

To be considered for all forms of disaster assistance, applicants should register online at DisasterAssistance.gov or download the FEMA mobile app. If online or mobile access is unavailable, applicants should call the FEMA toll-free helpline at 800-621-3362.
