October 21, 2018

Florida League of Cities Representatives,

It is a great honor to recognize October 22-28, 2018 as Florida City Government Week. This week gives us the opportunity to celebrate Florida's city governments for their notable work and leadership to make our cities great. They give their time and energy to keep our cities running.

These last several days, we have seen city officials work collaboratively with their federal and state partners to see our communities through the aftermath of Hurricane Michael. We will continue to work to ensure that our citizens get the assistance they need to recover and bring normalcy back into their lives. I am particularly appreciative for our city's first responders, who have helped our families who have no water, no home and no transportation.

This Florida City Government Week, we celebrate the daily impact our municipal government leaders have on residents' lives. We recognize their willingness to take the necessary steps needed to help their cities and citizens mend. As we celebrate Florida City Government Week, I wish you all the best, and thank you for all that you do for your citizens!

Sincerely,

Al Lawson, Jr.  
Member of Congress
