Governor, State Of Florida

Re: Home Based Businesses

Dear Governor DeSantis:

I encourage you to act in the best interest of the State of Florida by vetoing CS/HB 403 Home Based Businesses that was hastily passed by the Florida Legislature in the final moments of the 2021 legislative session. The circumstances under which the bill passed raises serious questions about the integrity and transparency of our state government.

I believe there was adequate opportunity to consider amendments to the bill during the committee review period of the legislative session. Last minute bargaining of amendments between the House and Senate leaves the public out of the legislative process and undermines public confidence in government. Further, legislative rules may have been abridged by allowing Senators in attendance to abstain from voting. I believe it undermines the public confidence in government to ignore the rules and regulations of legislation.

Please join me in promoting good government by vetoing CS/HB Home Based Businesses and removing the dark cloud under which the bill was passed.

Thank you

Sincerely yours,
