RE: Veto Request for CS/HB 403 Home-Based Businesses

Dear Governor DeSantis:

Once again the state legislature is attempting to remove safeguards that can only be guaranteed to the people by home-rule. This time they are allowing home-based businesses to operate without the safety and benefit of their local jurisdictions being allowed to regulate them.

As a citizen and a homeowner in this state, I am appalled that anyone would think it should be allowed to operate a business in a location without proper regulations. While I certainly will actively work to remove any of the legislators who voted for this measure, the current problem is to ensure that it never becomes law.

I am asking that you please veto this legislation and let the legislators take it up again next session when they might be able to come up with a better law.

Thank you,

Mr. Patt Gavin
