

CITY OF SEMINOLE

May 11, 2021

The Honorable Ron DeSantis
Governor, State of Florida
The Capital
400 S. Monroe St.
Tallahassee, FL 32399-0001

Re: VETO Request for CS/HB 403 Home-Based Businesses

Dear Governor DeSantis:

The City of Seminole City Council, at its May 11, 2021, Council meeting, unanimously voted to request that you VETO CS/HB 403.

While the City of Seminole's City Council supports entrepreneurship, it must balance the desire to operate a Home-Based Business with the potential impacts on residential neighborhoods and residential property values. Zoning is an inherent function of local government. The primary purpose of zoning is to minimize incompatible uses and balance competing property rights. In practice, zoning is used to prevent new development or uses from unfairly interfering with existing uses.

Florida Cities, like Seminole have crafted common-sense requirements regarding commercial uses of residential properties. Local ordinances account for the differing impacts on residential uses posed by specific business uses within a community. For example, low-intensity uses such as professional offices may be compatible with residential neighborhoods in some cases, while high-intensity uses such as a repair yard or a 24-hour gym may not be compatible under any condition.

During this Legislative session, the Florida League of Cities, on behalf of municipalities throughout Florida, engaged in good faith negotiations with Legislators and interested stakeholders to reach a reasonable compromise on Home-Based Businesses. The result of those efforts was reflected in the Senate bill CS/CS/SB 266. **Unfortunately, the final product pending before you in CS/HB 403 drastically departs from this compromise.** The bill was amended on the last day of session to remove essential elements needed to properly balance the desire to operate a Home-Based Business with the potential adverse impacts on the property rights of surrounding homeowners/residents.

Key provisions supported by the Florida League of Cities that were included in CS/CS/SB 266 but were not included in CS/HB 403 include:

- The ability for local governments to set common-sense limitations on hours of operation. CS/HB 403 prohibits local governments from regulating a Home-Based Business differently from other businesses in a commercial zone. The hours of operation for a

business in a commercial district may not be appropriate for a business in a residential neighborhood.

- The ability for local governments to place limits on business signs, exterior storage and traffic generated by a Home-Based Business. Again, these types of matters should be tailored to the residential setting where a Home-Based Business operates rather than defaulting to the same regulations used in commercial or industrial zones.
- The ability for local governments to prohibit business activities from occurring within view of the street.

The passage of CS/HB 403 was extremely contentious in the Florida Senate, where on the last day of the 2021 Session, the bill narrowly passed on a 19-18 vote. In a clear violation of Senate rules, three Senators who were present in the Senate chamber failed to record a vote. By a vote held on the Senate floor the Senate subsequently, within a matter of minutes of its vote on CS/HB 403, requested the House return the bill to allow the Senate to take a valid vote. The House adjourned sine die without responding to the Senate's request.

If allowed to become law, CS/HB 403 will be a significant preemption of Home Rule powers and the ability of local governments, like the City of Seminole to balance competing property rights. Additionally, the bill will void existing local ordinances or regulations that have tailored unique solutions to homeowner and business concerns.

For these reasons, the City Council of the City of Seminole, respectfully requests that you VETO CS/HB 403.

Thank you for your continued leadership and your consideration on this matter.

Sincerely,

City of Seminole City Council

Mayor Leslie Waters

Councilor Chris Burke

Councilor Roger Edelman

Councilor Trish Springer

Vice Mayor Thomas Barnhorn

Councilor Tom Christy

Councilor Jim Olliver
